WORK EXPERIENCE

Tekofy Software Solutions, Hyderabad —   June 2024 – Nov 2024
Web Developer (Intern)
- Gained hands-on experience developing web and mobile applications using **React** and **React Native**, ensuring seamless user interfaces.
- Built and maintained backend systems with **Node.js**, **MySQL**, **PHP**, and **MongoDB**, focusing on efficient data management and scalability.
- Enhanced app performance by integrating Firebase for real-time database solutions

ESDY Software Solutions, Hyderabad —   Oct 2022 – May 2023
Web Developer (Intern)
- Developed dynamic web applications using **React**, ensuring responsive and user-friendly interfaces.
- Worked with **MySQL** and **PHP** for efficient database management and backend development.

PROJECTS

Supply Chain Management System —
- Developed a scalable Supply Chain Management System for FMCG distributors using **MERN** stack.
- Implemented **JWT-based authentication**, inventory management, product showcase, order processing, and payment tracking.
- Hosted on **Vercel** and **Render**, with **MongoDB Atlas** for database management.

Coffee Tracker — *A caffeine tracking web app*
- Developed a full-stack web application inspired by my passion for coffee.
- Utilized **React.js** for the front-end and **Firebase** for user authentication and backend services.

EDUCATION
